Making History!

Thank you, in advance, for your participation in the 2024 Massachusetts American Legion Softball season.

Massachusetts is excited to be one of the first states in the U.S. to offer Legion Softball, complete with a postseason opportunity that many current leagues don't have. Massachusetts Legion Softball will uphold the same crucial values that are a part of existing American Legion youth programs. Legion sportsmanship, character and values follow players long after the game is complete. Ties to community and veterans in the community is an important aspect that some other leagues don't offer.

Good luck to all teams in the 2024 season, and thank you for your support of American Legion Softball.

Jodie Pajak, Chairman

Code of Sportsmanship

I WILL:

KEEP the rules

KEEP faith with my teammates

KEEP my temper

KEEP myself fit

KEEP a stout heart in defeat

KEEP my pride under in victory

KEEP a sound soul, a clean mind and health body.

"Resolved, That the National Americanism Commission does hereby emphasize and call attention to the Legion post and to Legionnaires individually that the principles of good sportsmanship in connection with the activity should at all times be held paramount to the end that the greatest good may come from the activity of the Legion." (Res. 2, NEC, May 1932)

2024 NFHS Rule Changes

1-4-1: Removes the number of color restrictions on a glove, including laces and seams, and does not allow any panels of the glove to match the color of the ball.

Rationale: Gloves and mitts are manufactured in variety of designs and multiple colors. As long as the color of the ball is not one of the colors used, does not have markings that give the appearance of the ball or are made in a manner that is judged distracting by the umpire it is permitted for use in NFHS Softball.

2-20-1g: A fair ball is a batted ball that while over fair territory, an offensive player interferes with a defensive player attempting to field a batted ball.

Rationale: The ball's status is determined at the point of interference. If an offensive player interferes with the defensive player while the ball is in fair territory, the ball is dead. Adding this language to the definition section mirrors the foul ball definition in Rule 2-25-1e.

3-2-12, 3-6-11: Removes language prohibiting the wearing of jewelry.

Rationale: Removing the language prohibiting jewelry places the softball rules in line with other NFHS sports that have removed the restriction. Umpires still have the authority to rule on anything that is considered a distraction or increases risk to any player.

4-2-1: Defines the protocol for when a fair batted ball clears the home run fence to end the game. All runs are allowed to score before the game is terminated.

Rationale: Allows for all runs to be counted when a fair batted ball clears the home run fence to end the game. All runs scored by virtue of the home run will be included in individual and team statistics.

8-2-7: New language clarifies batter-runner interference on a fly ball over foul territory.

Rationale: This has always been the enforcement but was not listed in the section covering batter-runner. The language is consistent with the rule covering interference on an initial play on a fair-batted ball and aligns with Rule 8-6-10.

2024 NFHS Legion Softball/ Massachusetts Rule

ADAPTATIONS TO NFHS RULES

- a. All games will bat only 9 batters and have the option to use the DP/FLEX rule. No “bat the roster” game will count towards your official Legion record and no stats will count for Legion All-Star consideration.
- b. A double first base must be used for all games (Rule 1-2-1 Note).
- c. A regular season, Regional, and State game will end after 5 innings when a team is ten or more runs behind and has completed its turn at bat (Rule 4-2-3).
- d. Teams shall not use the 15 runs after 3 innings rule unless announced before tournament (host decision), conference agreement, or a mutual agreement by both head coaches prior to the start of a regular season game. If said rule is in place, a game may end after 3 innings if a team is 15 or more runs behind and has completed its turn at bat. (Rule 4-2-3) Note: The 15-run rule may also be used even if it was not predetermined, so as long as both coaches agree as well as the head umpire to end said game for mercy rule reasons. This rule will not be in play during any of the Legion Regional or State playoff games.
- e. If predetermined before a regular season game or regular tournament game, a minimum time limit of 80 minutes. No new inning may be started once the time limit has elapsed, regardless of the number of innings played. (Rule 4-2-3) This is a host team and/or tournament decision that is made prior to the start of games. Not an umpire decision. There will be no time limit for the Legion Regional or State playoff games.
- f. The number of innings for one or both games in a doubleheader may be scheduled for five (5) innings. Current game ending procedures still apply. (Rule 4-2-3 Note 2)
- g. The international tie-breaker may be used, with prior agreement, for regular season games as long as there is mutual agreement by both teams or if announced prior to a regular season tournament (host decision). If a game is tied after 7 innings and the rule is in place each team starts the inning with the player who completed the last official at bat as a base runner on second base. Each team has the opportunity to bat each inning. Tie-breaker will not be used in any of the Legion Regional or State playoff games. (Rule 4-2-6)
- h. If a Legion Regional or State playoff game is called prior to the completion of any full inning, after the fifth inning, the game becomes a suspended game if the visiting team has scored one or more runs to tie the score or take the lead and the home team has not retaken the lead. (Rule 4-2-3)
- i. Pregame warm up will be determined by site host.
- j. All American Legion games must be held on fields with an outfield fence at 185’-235’ (as per NFHS Rule 1-1-3a1). A temporary outfield fence may be used to facilitate the outfield dimensions.
- k. All protective equipment ie. helmets, catchers gear, must meet NOCSAE requirements.
- l. All homemade devices/weights are not allowed and cannot be in the on-deck circle.
- m. Celebratory props will not be allowed outside the dugout.
- n. Coaches must report to the MA Legion Softball Board within 24 hours following a contest of any player or coach that has been ejected from any regular season game no matter the opponent. It also is noted that a player or coach who has been ejected will be suspended for the remainder of the game and must leave the field area where the game is being played, as well as being suspended for the next game of the team’s

schedule. The field area is to include field, dugout and bleachers. If that player or coach plays in the next game of suspension then they shall now have a 3-game suspension. Any suspended player or coach no matter the length of suspension will be removed from eligibility to be recognized and/or participate in any team or state level post season awards or games. The MA Legion Softball Board reserves the right to suspend a player, coach or team from play if repeated and continued disciplinary and poor sportsman like conduct is not becoming of WI Legion Softball ethics.

o. Team Sponsorship and or Affiliation Requirement

If a team is fully self funded and does not require Sponsorship then said team may register as only Affiliated with a Post in Name only; excusing the post from any financial burden acquired during the season.

ADDITIONAL POINTS OF EMPHASIS

A.R. The umpire-in-chief is to warn the head coach of the offending team(s) that should any player not return to the dugout area immediately after the playing of the National Anthem, the head coach and offending player(s) will be ejected immediately. Note: This is a sportsmanship issue.”*

Respect to the Flag: The American Legion, Department of Massachusetts expects participants of all its programs, including Softball, to show proper respect to the Flag of the United States, at all times, including during the National Anthem. COVID STATEMENT

The COVID-19 pandemic has impacted our daily lives and fundamentally changed the way we function on a daily basis. It is important that we continue to continue monitoring the changing circumstances and environment related to COVID and implement reasonable safeguards and precautionary measures to protect the welfare of participants and mitigate the spread of the virus.

The health and safety of our participants and fans is the utmost importance to Massachusetts American Legion Softball. We can approach this season with practices that can help mitigate the risk of exposure and transmission of the virus. The foundations of reducing risk should always be kept in mind. While COVID is primarily transmitted by aerosol, it can also be transmitted by touching contaminated surfaces.

The Massachusetts American Legion Softball Association will provide teams and organizations with guidelines for best practices to assist in mitigating the risk of transmission to athletes that elect to participate in American Legion Softball. Teams are to follow the best practices established by the CDC, Massachusetts Department of Health Services and your local health departments. As protocols and best practices are fluid, it is essential that everyone continue to monitor, implement and adhere to the guidelines and recommendation provided by reputable sources and healthcare professionals.

CONCUSSION IN YOUTH SPORTS

Massachusetts Concussion Law Act 172 - Statute 118.293

Note: The law was amended in 2013 and the concussion information and acknowledgement must only be distributed and collected once per school year. Effective: **December 15, 2013.**

Summary

The law requires all youth athletic organizations to educate coaches, athletes and parents on the risks of concussions and head injuries and prohibits participation in a youth activity until the athlete and parent or guardian has returned a signed agreement sheet indicating they have reviewed the concussion and head injury informational materials. The law requires immediate removal of an individual from a youth athletic activity if symptoms indicate a possible concussion has been sustained. A person who has been removed from a youth athletic activity because of a determined or suspected concussion or head injury, may not participate again until he or she is evaluated by a health care provider and receives written clearance from the health care provider to return to the activity.

“At the beginning of a season for a youth athletic activity, the person operating the youth athletic activity shall distribute a concussion and head injury information sheet to each person who will be coaching that youth athletic activity and to each person who wishes to participate in that youth athletic activity. No person may participate in a youth athletic activity unless the person returns the information sheet signed by the person and, if he or she is under the age of 19, by his or her parent or guardian.”

COACHES

Please take time to complete the online course listed below. Sign the Coaches Agreement and keep a copy on file with your Team Administrator.

Heads Up: Concussion in Youth Sports is an online training course provided by Centers for Disease Control (CDC) and Prevention. The course helps coaches and parents recognize and respond to a concussion by featuring interviews from experts, descriptive graphics, real-life stories and interactive exercises.

The CDC makes this requirement possible with its Heads Up course, which is free and only takes about 30 minutes to complete.

To take the course just log on to: <http://www.cdc.gov/concussion/HeadsUp/Training/HeadsUpConcussion.html>

An athletic coach or official involved in a youth athletic activity or health care provider shall remove a person from the youth athletic activity if the coach, official, or health care provider determines that the person exhibits signs, symptoms, or behavior consistent with a concussion or head injury –OR– the coach, official, or health care provider suspects the person has sustained a concussion or head injury.

SUDDEN CARDIAC ARREST

Massachusetts Sudden Cardiac Arrest Statute 118.2935

Note: Sudden cardiac arrest; youth athletic activities was signed into law in March 2022. Beginning July 1, 2022, school districts and other persons who operate certain youth athletic activities must distribute information about the risks associated with continuing to participate in a youth athletic activity after experiencing warning signs of sudden cardiac arrest to coaches, parents, and student athletes.

Summary

Sudden cardiac arrest is the leading cause of death in young athletes while training or participating in sport competition. Even athletes who appear healthy and have a normal preparticipation screening may have underlying heart abnormalities that can be life threatening.

“At the beginning of a season for a youth athletic activity, the person operating the youth athletic activity shall distribute a concussion/head injury and sudden cardiac arrest information sheet to each person who will be coaching that youth athletic activity and to each person who wishes to participate in that youth athletic activity. No person may participate in a youth athletic activity unless the person returns the information sheet signed by the person and, if he or she is under the age of 19, by his or her parent or guardian.

What is Sudden Cardiac Arrest?

Occurs suddenly and often without warning.

An electrical malfunction (short-circuit) causes the bottom chambers of the heart (ventricles) to beat dangerously fast (ventricular tachycardia or fibrillation) and disrupts the pumping ability of the heart.

The heart cannot pump blood to the brain, lungs and other organs of the body.

The person loses consciousness (passes out) and has no pulse.

Death occurs within minutes if not treated immediately.

What are the symptoms/warning signs of Sudden Cardiac Arrest?

Fainting/blackouts (especially during exercise)

Dizziness

Unusual fatigue/weakness

Chest pain

Shortness of breath

Nausea/vomiting

Palpitations (heart is beating unusually fast or skipping beats)

Family history of sudden cardiac arrest at age < 50

An athletic coach or official involved in a youth athletic activity or health care provider shall remove a person from the youth athletic activity if the coach, official, or health care provider determines that the person exhibits signs, symptoms, or behavior consistent with sudden cardiac arrest ANY of these symptoms/warning signs that occur while exercising may necessitate further evaluation from your physician before returning to practice or a game. ** Note that a student-athlete who exhibits unexplained fainting may be SCA because it is the number one warning sign of a potential heart condition. **

 2. Existing teams may request to change their base school. This request must be in writing and approved by the M.A.L.B.A. prior to submitting roster.
 3. If two or more teams are sponsored by the same American Legion Post or outside sponsor, the M.A.L.B.A. Board of Directors will assign the base school for each team.
- B. **Player Recruiting:** Teams may select players who are enrolled on the 3rd Friday in September, in any public, private, technical, vocational, regional or preparatory high school, or any combination.
1. Existing teams may request a new combination of schools from the M.A.L.B.A. however, approval must be given prior to adding to team roster.
 2. Teams may not recruit a player(s) from another team's base school.
 3. Enrollment is determined using the number of 9th-12th grade students officially recorded on the 3rd Friday in September by the Massachusetts Department of Public Instruction or other state agency that has jurisdiction over school enrollment. Every student registered shall be counted, including special education students, physically challenged students, bilingual students, and students older than 19.
 4. When single high school enrollment exceeds 5,000 students, the team that has such a school as its base school shall not co-op with any other school.
- C. **Team Classification:** Once the deadline for team registration ends on June 12, and IF enough teams are available the Legion Softball Committee will equally split the teams to form 2 divisions for the regional and state tournaments pending number of teams registered.

Managers and coaches can see their team's classification by contacting the high school(s) in their recruitment area to request enrollment numbers or by visiting wisedash.dpi.wi.gov to find their teams site and listed enrollment.

- D. **Option Rule.** Players attending a high school via school choice may have the option of playing for the team nearest the high school the player attends/will attend or playing for the team nearest the parent's legal domicile. 3. Any transfers across state lines require mutual written permission of both Department Chairmen or State Commissioners.
- F. **School Enrollment Expansion:** Players who are unable to complete eligibility because enrollment expansion eliminated their schools from previously approved combinations may continue on the teams for which they last played, provided no new players are recruited from their school.
1. Written permission for a player to continue under these circumstances must be obtained from the State Commissioner prior to listing the player on roster.
 2. Teams cannot form different combinations of schools.
- G. **Change of Address:** Players who realize a permanent change in their parents' or guardians' domicile shall be eligible to compete for the team nearest their parents' new domicile.
1. A notarized statement from the player's parents must list previous address and new permanent address. Written permission must be obtained from the authorized State Commissioner in which the new team is located.
 2. The enrollment of their previous high school as of the 3rd Friday in September, shall be counted.
- H. **Final Year of Eligibility:** Legion Softball players who are in their last year of eligibility, whose parents move out of the team's school district, shall have an option of playing for the team nearest their parent's new school district or returning to their former team.
1. The enrollment of the high school the player attends on 3rd Friday in September, shall be counted.
 2. Written permission to play for their previous team must be obtained from the State Commissioner prior to listing on team roster.
- I. **Homeschooled Players:** A player who is home-schooled may compete for the team nearest their parents' or guardians' legal domicile. To determine the nearest team, use the shortest driving distance as calculated by MapQuest.
